Electric Company Submits Lighting Contract to City.

At a meeting of the city council a contract from the North Platte Light & Power company was presented to that body for lighting the city of North Platte in years to come.

The contract submitted by the electric company is such that it will have to be voted upon by the citizens of North Platte and it will probably come up as an issue at the spring election. The contract stipulates the charge that shall be made for each lamp of different candle power or its equivalent. The contract prices stipulated are the maximum charge that can be made by that company and they are subject to change downward.

Mayor Evans will call a general meeting of the citizens of the city for next Tuesday evening, February 9th, at the library building at which time the matters relating to this contract will be threshed out thoroughly by the citizens of this city. At this time all interested in this matter are urged to be present and present their views on the subject and it is hoped that many will attend. There may be several changes to recommend before the contract can be put in shape for voting upon at the spring election and all are urged to come and talk before it becomes an issue instead of waiting until the time is past.

The lighting contracts as presented are much cheaper comparatively than the present system. At present the city is paying on an average of about \$19.80 for each thirty-two candle power lamp on the streets. The contract submitted stipulates the following charges based on the yearly contract: 60 C. P. lights, \$22; 80 C. P. lights, \$25; 100 C. P. lights \$28; 250 C. P. lights, \$60; 400 C. P. lights, \$85. The payments are to be made once each month.

Other business of the council was the matter of the waste water of the Union Pacific company which is being dumped on Seventh and Eighth streets. The mayor said he would take up that matter with the company in the near future for adjustment.

The regular monthly bills, including the quarterly salaries of the city officials, were allowed and the body adjourned.

Sentenced to from One to Three Years

F. Stevens received a sentence of from one to three years in the penitentiary for pleading guilty to burning two stacks of fine hay for E. B. Ream, residing in the Nichols vicinity. He will be taken to Lincoln to begin his sentence in the near future.

Stevens was arraigned Wednesday morning before Judge French in the county court and pleaded guilty to the charge. He seemed anxious to begin his sentence soon and was given opportunity to plead, before Judge Grimes in the afternoon and entered the same plea.

Stevens was tramping through the country last week and struck North Platte. He left here in the late evening and wended his way as far as Nichols where he became cold and he at once proceeded to set fire to a big stack of alfalfa to get warm. He lay down and went to sleep beside it and when it failed to throw out enough heat he went a little farther and set fire to another. The flames from this awoke the farmers and they rushed out with loaded rifles to stop the incendiary. They also called Sheriff Salisbury to come out and when he arrived the man was peacefully sleeping between the two stacks in perfect comfort. At that time he said he wanted to go to the "pen" and hoped that he would get twenty years. He is a man past middle age.

Home from Canada.

F. N. Garvin, representative of the J. I. Case company in this end of the state, returned Wednesday from Canada where he had been for the past several months on business. He left northern Saskatchewan the middle of last week and arrived in Lincoln Sunday evening where he visited at headquarters and then came on out to this city where he makes his headquarters.

Mr. Garvin reports that in Canada there is less excitement about the war than in the United States. He stated that the weather is getting so cold there that he people are thinking more about it. The crops there, he says, were poor last year and money is scarce among the wheat growers.

Annual Fellowship Meeting of the Twentieth Century Club.

The annual fellowship meeting of the Twentieth Century club will be held Tuesday evening, February 9th, at the home of Mrs. J. G. Beeler, 410 South Sycamore. This meeting is for the entire club and all members are urged to be present.

A fine program will be given at this meeting by the musical department and it will be one of interest to all members. It will consist of musical and reading numbers. Some special talent will be presented and the program will alone be worth the small admission price asked.

The domestic science department of the club will serve a supper at seven o'clock. The president desires that all members come as there is much business of importance to be brought before the meeting. This meeting comes only once each year and all members of the entire club should be present.

E. F. Seeberger Undergoes Operation

E. F. Seeberger, president of the First National bank, underwent an operation for a bad tooth Wednesday of this week at the Good Samaritan hospital. He is reported getting along nicely.

Some time ago Mr. Seeberger had some teeth pulled and a supernumerary tooth appeared in the place of one of them and gave him considerable trouble. He went to a dentist a short time ago to have it taken out and the dentist was unable to get it with the forceps. He was taken to the hospital where he was placed under anesthetic and an operation performed on his jaw. The operation was performed by Drs. Wurtele, Redfield and Crook.
